## SUMMARY OF PROPOSED LEGISLATION POLICY ITEMS - SPRING 2006

POLICY ITEMS FROM FALL 2005 LEGISLATION - SECOND READING					
<p><b>P-1</b> 2<sup>nd</sup> Reading</p> <p><b>Mgmt Council</b></p> <p>Originator: Dan Smith</p> <p><b>§</b></p>	<p>Article 1.5.5</p>	<p><u>1.5.5 No COA member institution shall be allowed to participate in any sport unless all of its sport teams are under COA jurisdiction. This only applies to sports sanctioned by the COA as listed in Bylaw 3.11 of the COA Constitution.</u></p>	<p>This should especially benefit developing sports, since it would no longer give the member institution the option of participating out of state and avoiding competition with COA teams. It will also make conference scheduling more efficient since all sports from member institutions will be scheduled within the conference and none out of state.</p>	<p>One COA member institution has already been allowed to participate in the National Junior College Organization in a sport with limited COA participation. Others may try to do the same. This is an inappropriate precedent to set.</p> <p><u>Fiscal Impact:</u> This should have a positive effect on college budgets because it would require more instate competitions and limit the amount of out-of-state competition, which tends to be more expensive.</p> <p><u>Proposed Effective Date:</u> <b>July 1, 2006</b></p>	<p><b>PASSED</b></p>
<p><b>P-2</b> 2<sup>nd</sup> Reading</p> <p><b>COA Board</b></p> <p>Originator: Jan Kehoe</p> <p><b>FT</b></p>	<p>Article 2.3.7</p>	<p>2.3.7 Continued membership on the COA Board is reviewed annually by the Board. Lack of participation or attendance may lead to a release from duties. It is required that the chair of the COA Board be notified if a member is unable to attend a meeting. After two (2) absences in one (1) year, the COA Board will <u>evaluate the continued tenure of the individual and notify the conference commissioner to determine with a recommendation on the continued terms of the individual. The recommendation will automatically take effect unless the conference affected takes action to reverse it by contacting the conference commissioner to request reconsideration within 30 days.</u></p>	<p>To place the responsibility for determining whether absences from the Board meetings are detrimental to a conference's representation in Board discussions or whether they have reason to be excused. It also places responsibility on the COA Board for reporting its recommendation to the conference commissioner.</p>	<p>This makes the CEO's peers responsible for recommendation of termination or continued tenure rather than placing the subordinates of the CEO in the position of having to take initial steps to recommend termination of their institutional superiors. It also gives the conference the opportunity to accept or reverse the Board recommendation if the conference representatives believe the recommendation is not in the best interest of the conference.</p> <p><u>Proposed Effective Date:</u> <b>July 1, 2006</b></p>	<p><b>PASSED</b></p>

Proposal No.	Article or Bylaw	Proposal	Intent	Rationale / Gender Equity Impact/ Fiscal Impact/ Proposed Effective Date	Decision
<b>P-2</b> <b>1st Reading</b> Emergency CCCSCA Originator: Lisa Davis	Article 4.4.4	4.4.4. C. C. The COA Board shall appoint one (1) representative of each of the designated COA affiliate organizations <u>and two (2) representatives from the CCCSCA (one representing male sports, one representing female sport, one fall sport and one spring sport)</u> at the spring COA Convention.	This will help serve better both fall and spring sports along with male and female sports.	<u>Rationale:</u> To help with gender equity and fall/spring sports. <u>Gender Equity Impact:</u> This will insure both male and female sports are represented. <u>Fiscal Impact:</u> Should have no fiscal impact. <u>Proposed Effective Date:</u> <b>July 1, 2006</b>	<b>PASSED</b> as amended
<b>P-3</b> <b>1st Reading</b> Solano College Originator: Bob Myers	Bylaw 6.9	6.9.4 <u>There shall be a Division I and II for postconference competition. Each school shall declare when completing the initial Form 3 for each sport if they are to compete in D-I or D-II. The criteria for Division I or II shall be as follows:</u>  <u>All colleges which have more than 9,000 FTES, as declared to the CCC Chancellors office for funding in the past academic year (from the Full Time Equivalent Students Statewide Annual Report from the latest available year</u> <u><a href="http://misweb.cccco.edu/mis/onlinestat/fte_rpt.">http://misweb.cccco.edu/mis/onlinestat/fte_rpt.</a> will automatically compete in postconference as a D-I college.</u> <u>Colleges with less than 9,000 claimed FTES with the following number of out-of-district student-athletes will compete in postconference as D-II (this percentage includes out of the contiguous-district student-athletes who attended a California high school, out-of-state student-athletes and international student-athletes.</u> <u>Football-10, Volleyball (W)-3, Soccer (M+W)-4, Golf (M+W)-3, Basketball (M+W)-3, Baseball-4, Softball-3, Track and Field (M+W)-4, Swimming and Diving</u>	Bylaw 6.1E states, "To assure equal athletic opportunities and resources for PC events for athletes of each gender". Currently most colleges that win state championships are larger colleges or those with a significant number of out of District athletes. This legislation would create equal athletic opportunities for all colleges.	<u>Rationale:</u> A college of 1,000 students cannot usually compete with a college of 40,000 students for a state championship, unless they have out of District athletes. This legislation would level the playing field and give colleges which are smaller in student populations and do not have a significant number of out-of-District athletes a chance to compete for a state championship. This is why the NCAA, NAIA and NJCAA have different levels of championships. <u>Gender Equity Impact:</u> No impact <u>Fiscal Impact:</u> This would slash event budgets in half and would lead to slightly lower reimbursements to member colleges. The reimbursements have typically been a	<b>FAILED</b>

Elimination of the narrative descriptions of each sport's PC format from the Bylaws and placing them in the Sport Guides will ensure that all information pertaining to a sport's PC will be located in one place, the Sport Guide. Currently (in some sports) the location of important PC information is split between the Bylaws and the Guide.</li> <li>2. Placing general format information for each sport in a chart allows all COA groups to have an overview of PC formats.</li> </ol>	<ol style="list-style-type: none"> <li>1. Narrative descriptions of PC formats take up a lot of space in the Bylaws, but are rarely referenced by coaches, COA Affiliate Groups and the public. Also, when Form 5 changes to formats are approved the changes go into the guides but sometimes are left out of the Bylaws.</li> <li>2. Information on PC formats should be transparent. Everyone involved in COA should be aware of the overall PC picture.</li> </ol>	<b>PASSED</b> As amended

		<p><del>6.17.2.2 — There will be seven (7) bowl games in each region (40% postconference competition cap). Only teams with winning records will be selected to participate in bowls. Teams with less than winning records (.500 or less) will be selected if they are conference/division champions or there are not enough teams with winning records to fill all bowl games in any given region (also see section 1.2.D.7.a). The playoff bowls, if used, must include the conference/division champions and, when necessary, include at large teams to fill out Round One. Playoff brackets will be seeded according to a procedure to be determined by each region. Bowl games in each region that are not part of a playoff system will follow the established selection procedure using the final CCCFCA/COA poll. Less time between the end of conference play and the first round of play-offs is better for competition. Currently the AVCA National convention is the Monday after the championships and many 4-yr coaches could not attend our championships because of the AVCA convention. By returning to our previous championship dates (scheduled for the first weekend in December), more 4-yr coaches will return to our championships regardless if the quite period for NCAA D1 changes. This proposal also allows our coaches the opportunity to attend the AVCA convention	<b>PASSED</b>
